I don't love you anymore I'm glad that we are through
Just whatever was it that I thought I saw in you
Take those words and coke and chocolate and make
the sugar sweet
Those are the words that I'm gonna have to eat

I was wrong when I told you I didn't need your love
I can't live without you so what was I thinking of
Pride you had me talkin' big when I said foolishly
I no longer love you you don't mean a thing to me
Take those words...

[ac.guitar]

I can't stand it since you're gone this mis'ry has to end
I'll do anything you say to get you back again
Even gladly eat those words to make you satisfy
One by one I'll swallow them together with my pride
I don't love you anymore...
Take those words...
