### "Your Hold On Me Is Gone"

Visit "[Your Hold On Me Is Gone](#)" on MotoLyrics.com

I went through loving you with eyes blinded  
Love that's once cared for eyes just like minded  
If you want that love now you won't find it  
That love is over your hold on me is gone  
Don't you know tears don't show when love's over  
If you once look you'd know what you've never  
Could you think you could hurt me forever  
The hurt's all over now your hold on me is gone  
[ piano ]  
I've cried more than my share of tears learning  
But the love I gave you won't returning  
As each tear fell it washed away hurting  
The hurt's all over now your hold on me is gone  
Our love's all over now your hold on me is gone
