Hi, my name is,
You wont remember, wait till December.
Cause you thought that I was pure as snow,
Guess you didn't know.
Hold tight, surprise, open your eyes it's springtime.
Flowers blossoming, I am one of them, bet you like how
I've grown.

Cause now I'm that bitch,
You'll never get to uh.
Can't get what you want, so you're acting like a punk.
You were too fly then, so fly away now.
Now I'm that bitch, and you're just a clown.

Why, should I even remember, back when you blanked
me, to
Put it frankly.
But now I'm back, I'm not attracted, and you're not
getting
None.
Cause I'm, not for the taking, I'm not a bender, return
to
Sender.
I laugh at you even asking to, to get with me tonight.

Cause now I'm that bitch,
You'll never get to uh,
Can't get what you want, so you're acting like a punk.
You were too fly then, so fly away now.
Now I'm that bitch, and you're just a clown.

Now I'm that bitch,
Now I'm that bitch,
Now I'm that bitch, and you're just a clown.
Now I'm that bitch,
Now I'm that bitch,
Now I'm that bitch, yeah look at me now.

You passed me by, never looked twice.
Now I'm the chick, you wanna be with.
Isn't it so funny now, I'm the one to shut you down.
Don't worry girls, if he didn't notice you,

Soon hell be begging to.

Oye, mamida... calmate
I feel ya
We all get burned
Those who survive are the ones that learn (learn, learn)
If it don't kill ya, make you stronger
Pero no te ponga como una chonga
Even though I aint gonna lie
It turns me on a little bit when you act like a bitch
Mama I know what you went through was hard
But the biggest bitch is karma, let her do her job (that's right)
Don't even stress these clowns, baby you a queen,
heres the crown
Enjoy yourself, you independent now (that's right)
They lose, and you winnin now (that's right)
You're a shootin star, now let them know who you are

Cause now I'm that bitch,
You'll never get to uh,
Can't get what you want, so you're acting like a punk.
You were too fly then, so fly away now.
Now I'm that bitch, and you're just a clown.
Now I'm that bitch,
Now I'm that bitch,

Now I'm that bitch, and you're just a clown.
Now I'm that bitch,
Now I'm that bitch,
Now I'm that bitch, yeah look at me now.
