I'm looking out my window (my window)
Trying to tell myself this isn't real (this isn't real)
An out of body experience (experience), Is what I feel
(so real)
My guard is coming down, my feet can't touch the
ground
I've got a new vibe from you (your energy)
Now could this be true, or too good to be true
Well either way you rocked my world, oh yeah

Chorus:
Sensation
You're the latest
Sensation
You're the greatest
Sensation
You're the latest
Sensation
You're the greatest sensation
O o o o o, o o o o
Sensational boy
O o o o o, o o o o
Sensational boy

I can't stop talking about you
You're my latest obsession
And this song's my confession
I can't stop thinking about you
When you're gone something's missing
I know this is the real thing, oh yeah

Chorus:
Sensation
You're the latest
Sensation
You're the greatest
Sensation
You're the latest
Sensation
You're the greatest sensation
O o o o o, o o o o
Sensational boy

O o o o o, o o o o
Sensational boy

My guard is coming down, my feet can't touch the
ground
I've got a new vibe from you (your energy)
Now could this be true, or too good to be true
Well either way you rocked my world, oh yeah

Chorus:
Sensation
You're the latest
Sensation
You're the greatest
Sensation
You're the latest
Sensation
You're the greatest sensation
O o o o o, o o o o
Sensational boy
O o o o o, o o o o
Sensational boy
