there she is  
yea she got that kiss  
she listed down her list  
o ya  
there he is  
it's her that he missed  
they love each other  
but one time the breakdown started  
they both came desparted  
they try to let them seperated  
bomb on their heads

she's an expert  
of everythin  
she's an expert  
of that thing  
she rocks the world that's there  
but why should i care  
she's an expert  
expert of everything of that thing  
she's gonna lose him somehow  
but that's not gonna happen now  
she's an expert of everything  
everythin everythin yea

there she is  
oh yea she list  
everything she sees  
there he is  
wanting nothing but her kiss  
that's the part he miss  
but one more day they locked their hands together  
but i should care about that, maybe whatever  
she's been out of misplace  
but he's bringing her to his place

she's an expert  
of everythin  
she's an expert  
of that thing  
she rocks the world that's there  
but why should i care

she's an expert  
expert of everything of that thing  
she's gonna lose him somehow  
but that's not gonna happen now  
she's an expert of everything  
everythin everythin yea

she got him  
yea she got him  
don't know how  
he sees her  
yea sees her  
but that's over in this instance right now  
i've been pissed of by you  
i've been careless that's true  
i don't know what to do  
I'm still passing through

she's an expert  
of everythin  
she's an expert  
of that thing  
she rocks the world that's there  
but why should i care  
she's an expert  
expert of everything of that thing  
she's gonna lose him somehow  
but that's not gonna happen now  
she's an expert of everything  
everythin everythin yea  
she's an expert  
of everythin  
she's an expert  
of that thing  
she rocks the world that's there  
but why should i care  
she's an expert  
expert of everything of that thing  
she's gonna lose him somehow  
but that's not gonna happen now  
she's an expert of everything  
everythin everythin yea  
she's an expert  
of everythin  
she's an expert  
of that thing  
she rocks the world that's there  
but why should i care  
she's an expert  
expert of everything of that thing  
she's gonna lose him somehow

but that's not gonna happen now  
she's an expert of everything  
everythin everythin yea

everythin everythin yea
