the girls on the alley are so fine  
i'll drink another glass of mexican wine  
can't spare another dime  
this is another time  
you called me to watch the grace  
tears up your face  
lately it's enchanting  
too much to say  
can you explain a route?  
when my hand is on your foot  
cannot make this happen  
but fun can't be stoppen  
yeaaa  
i got this time  
yeaaa  
don't do the crime

the girls on the alley are so fine  
i'll drink another glass of mexican wine  
can't spare another dime  
this is another time  
the boys of summer are so fine  
i'll drink another glass of mexican wine  
this is my  
time to seperate the fun

the club is smokin  
the grill is chokin  
want somethin  
oh oh yea  
will you end up talkin  
while my glass is full  
will you start off smokin  
while the sky is dull

the girls on the alley are so fine  
i'll drink another glass of mexican wine  
can't spare another dime  
this is another time  
the boys of summer are so fine  
i'll drink another glass of mexican wine  
this is my

time to separate the fun  
the girls on the alley are so fine  
i'll drink another glass of mexican wine  
can't spare another dime  
this is another time  
the boys of summer are so fine  
i'll drink another glass of mexican wine  
this is my  
time to separate the fun

drink another glass of mexican wine  
girls and the boys of the alley summer are so fine  
can't spare another dime  
look back
