loose mind
leave me behind
trying to walk with my hind
but i was stuck right here
can't wonder if you're near
while i step near the trees
watching the Autumn leaves
i got the beat
but it's way over heat

they left me down the hills
i will never will
bring myself down
if i change but no problem for the town
i can't walk with my feet
left me crawling in River St.

freak out
hold your breath to shout
it's not inspector
take me lie detector
i sprained my sorrow
while i drift after tomorrow
i studied all the miracle
it's my pain you can recycle
while i climb up the trees
eating down the Autumn leaves

they left me down the hills
i will never will
bring myself down
if i change but no problem for the town
i can't walk with my feet
left me crawling in River St.

you speak the truce
that i can't use
spoken unclearly
forget what you can see
smokes up the sky
drying my tears on my face

(guitar break)

they left me down the hills
i will never will
bring myself down
if i change but no problem for the town
i can't walk with my feet
left me crawling in River St.
they left me down the hills
i will never will
bring myself down
if i change but no problem for the town
i can't walk with my feet
left me crawling in River St.
they left me down the hills
i will never will
bring myself down
if i change but no problem for the town
i can't walk with my feet
left me crawling in River St.

left me crawling in River St.
can't drag my feet
i got the beat
but left me hurt in River St.
