No one will ever know my heart is breaking although a  
million teardrops start to flow  
I'll cry myself to sleep and wake up smiling you've hurt  
me but no one will ever know  
I'll tell them we grew tired of each other and realize our  
dreams could never be  
I'll even make believe I never loved you then no one will  
ever know the truth but me  
[ piano - steel ]  
I'll tell them I've found true love with another  
That I'll be glad the day you'll set me free  
I'll even make believe I never loved you then no one will  
ever know the truth but me
