"Goodnight"

Dry away the tears
Lay aside your fears
No more pain for my love
I am here go to sleep

And when the angels come
I know that they will treat you well
They will you pull you through
And lift you from what has held you down

There's a heaven up there
And it waits just for you
So close your eyes and dream
They'll be a world you once knew

A world without the pain
That's stuck with you for far too long
A world that does contain
A love like mine to watch you grow strong

And when my time arrives
Please wait and make a place for me
For when I do arrive
Your face should be the first face I see

Dry away the tears
Lay aside your fears
No more pain for my love
You have now gone to sleep
