"All The Spokes"

Visit "[All The Spokes](#)" on MotoLyrics.com

All the spokes are bent
We weren't even in the road
I'll collect the evidence all the way home

It's safe in here
I know, I know, I know
But this is not the only battlefield

On the long way home
On the long way home
On the long way home
We're alone

All the spokes are bent
We weren't even in the road
I'll collect the evidence all the way home

It's safe in here
I know, I know, I know
But this is not the only battlefield

On the long way home
On the long way home
On the long way home
We're alone
