"Big Tall Man"

I'm a big, tall man
I cut the grass
My left eye hurts
I am waiting and reading parts
I can be a complicated communicator

Yes, I'm winning, spinning
I feel energy being pulled off from all sides
And it feels good
Like relieving a headache

Zeus and Athens
Florida driveway
Asphalt and tires
Sand and the beach
Rocker panel
Headlights in the dark
I am drag racing
Drag

Yes, I'm winning, spinning
I feel energy being pulled off from all sides
And it feels good
Like relieving a headache

Yes, I'm winning, spinning
I feel energy being pulled off from all sides
And it feels good
Like relieving a headache

Fog and the distance beyond it
Boats and the quiet morning noises
I'm walking the shoreline
A beer and a cigarette
A bug with twitching antennae
A button-up short sleeved shirt

Yes, I'm winning, spinning
I feel energy being pulled off from all sides
And it feels good
Like relieving a headache

I'm a big, tall man
I cut the grass
My left eye hurts
I can be a complicated communicator

Yes, I'm winning, spinning
I feel energy being pulled off from all sides
And it feels good
Like relieving a headache

Yes, I'm winning, spinning
I feel energy being pulled off from all sides
And it feels good
Like relieving a headache

Yes, I'm careening down / Yes, I'm winning, spinning
I feel energy being pulled off from all sides
And it feels good
Like relieving a headache
