Do it right
Save time
Make love
Feel fine about everything

I'm obsessed, I'm a wreck, I'm insane.
Isn't that what you want me to say?
Don't you need to feel my blood on the tracks today?

Look right
Shield my eyes
Cough it up
Apologize to everyone

I'm obsessed, I'm a wreck, I'm insane
Isn't that what you want me to say?
Don't you need to feel my blood on the tracks today?

Lovely body parts for everyone
Come and take them off right now
What do you need them for, it's just the two of us
No one's asking you why

I'm obsessed, I'm a wreck, I'm insane
Isn't that what you want me to say?
Don't you need to feel my blood on the tracks today?

Do it right
Save time
Close the nest
Wash your hands of everyone

I'm obsessed, I'm a wreck, I'm insane
Isn't that what you want me to say?
Don't you need to feel my blood on the tracks today?

I'm obsessed, I'm a wreck, I'm insane
Isn't that what you want me to say?
Don't you need to feel my blood on the tracks today?
