Johnny my love, get out of the business
It makes me wanna rough you up so badly
Makes me wanna roll you up in plastic
Toss you up and pump you full of lead

Johnny my love, get out of the business
The odds are getting fatter by the minute
That I have got a bright and shiny platter
And I am gonna get your heavy head

I ask because I'm a cunt in spring
You can rend me by the hour I know all about the ugly
pilgrim thing
Entertainers bring may flowers

So johnny my love
We got us a witness
Now all we gotta do is get a preacher
He can probably skip the 'until death' part
Because johnny my love you're already dead

I ask because I am a cunt in spring
You can rend me by the hour
I know all about the ugly pilgrim thing
Entertainers bring may flowers
