I keep a close watch on this twat of mine
I keep my eyes wide open all the time
And the condom on your dick's the tie that binds
Because you're mine

You're gonna sleep with me even if it kills you
You're gonna sleep with me even if we die
You're gonna sleep with me, better get used to it
There's no use in fighting because it's do it or die

Fuck or die
Fuck or die
Fuck or die
Fuck or die

You're going down on me even if it kills you
You're going down on me even if you die
You're going down on me, better get used to it
There's no use in fighting because it's do it or die

Fuck or die
Fuck or die
Fuck or die
Fuck or die

All that's left is to take off your clothes

And do it, do it, do it till you're bone dry
Do it till you're all worn out
Just do it, do it, do it till you're bone dry
Do it, there is no doubt
Do it, there is no doubt

I'm gonna give you head even if it kills you
I'm gonna give you head even if you die
I'm gonna give you head, better get used to it
There's no use in fighting because it's do it or die

Fuck or die
Fuck or die
Fuck or die
Fuck or die

Fuck or die...

I keep a close watch on this twat of mine
I keep my eyes wide open all the time
And the condom on your dick's the tie that binds
Because you're mine, I walk the line
