Johnny feel good, Johnny right on  
Johnny miss you, Johnny light on  
Johnny makes me feel strangely good about myself

Moderation is a memory  
Dive right in and let him send me  
I could take this in doses large enough to kill

And I never met a man who was so pretty inside  
He's got diamonds on the bed of his thumbnails and I  
Never realized I was so dirty and dry  
Till he knocked me down, started dragging me around  
In the back of his convertible car

And I liked it  
I liked it more and more

Crimson and clover, soon he's taken over all my senses  
now

And I never met a man who was so pretty inside  
He's got petals on the bed of his sweat sock drawer  
And who the fuck am I to criticize him 'cause I really  
need him now  
In fact I'm kinda freaking out  
And I'm wondering where the hell you are

Johnny feel good, Johnny right on  
Johnny miss you, Johnny light on  
Johnny makes me feel strangely good about myself

And I've never met a man I was so crazy about  
It kinda has become an obsession to me  
I hate him all the time  
But I still get up  
When he knocks me down  
And he orders me around  
'Cause it loosens me up  
And I can't get enough  
And I'd pay to spend the night with him some more

And I liked it

Let me tell you I liked it more and more  
I liked it  
I liked it, yeah  
I really liked it  
I liked it  
I really, really, really liked it  
I really liked it  
I can't believe it.
