(Where my baby at ... where my baby at?)

The six dick pimp is just doing his job  
Making sure that business isn't going under  
He's got the studs lined up in their stalls  
Put a couple of bills in, you see six minutes of balls

Justine has got a plastic baggie on her dick  
Cherry's got a couple Prince Alberts through her prick  
And nobody's in number four and number six  
Put a couple bills in, man, you really shouldn't miss it

I don't care how much time it takes  
I don't care what kind of money he makes  
I just want my honey back  
I'll be on my way (I'll be on my way)  
(You're gonna gimme my boyfriend back)  
I'll be on my way

You thought you were smart  
Thought I wouldn't leave home  
You rented a car, and now you're halfway to Idaho  
You thought you were smart  
Thought I'd leave you alone  
But you have no idea what kind of hell is coming down  
on you

I don't care how much time it takes  
I don't care what kind of money he makes  
I just want my honey back  
I'll be on my way (I'll be on my way)  
(You're gonna gimme my boyfriend back)  
I'll be on my way

I don't care how much time it takes  
I don't care what kind of money he makes  
I just want my honey back  
I'll be on my way (I'll be on my way)  
(You're gonna gimme my boyfriend back)  
I'll be on my way  
I'll be on my way

The six dick pimp is just doing his job  
Making sure that business isn't going under  
He's got the studs lined up in their stalls  
Put a couple bills in, man, you really shouldn't miss it
