(performed during the April 25, 1995 show in New York City)

You have no idea how much I love you
What I would do for your natural touch
And you have no idea just how I'd hold you
When I am woken from a dream, something bad had
happened to us
But I would talk my mouth off
If I thought, oh yes, baby
It would glue you forever to me
And I've worn out my pride
And I've torn at the sky
And I've beaten at the devil
With one heathenist sigh
And I'd never let anyone harm you while I'm alive
I'd never let anyone harm you while I'm alive

You have no idea how much it moves me
Just staring deeply into your green eyes
And you have no idea just how completely I adore you
You would be so surprised
But I would talk my mouth off
If I thought, oh yes, baby
It would glue you forever to me
And I've worn out my pride
And I've torn at the sky
And I've beaten at the devil
With one heathenist sigh
And I'd never let anyone harm you while I'm alive
I'd never let anyone harm you while I'm alive
I'd never let anyone harm you while I'm alive
