I'll never forget you,  
I'll never forget you.  
I'll never forget, how we promised one day  
To love one another forever that way,  
We said we'd never say  
Goodbye

But that was long ago  
Now you've forgotten i know  
No need to wonder why  
Let's say farwell with a sigh...  
and let love die

So we'll go on living  
our own way of living  
So you'll take the high road  
and i'll take the low,  
It's time that we parted  
it's much better so  
but kiss me as you go  
Goodbye

Goodbye  
I'll never forget you  
Never...

Kiss me as you go
