Every day is a new day
And I don't have to pretend
All my friends think I'm crazy
But I don't want this to end

When I have the chance I want to say to you
Wishing I could take back what I put you through
I'll never do it again
We're like oil and water still we somehow mix
And what used to be broken is somehow fixed
It's hard to explain

I know some people say
That opposites attract
If that's the truth then we
We will be together forever

It's like I got nothing to do but think about you
I've got all the time in the world
If you look at my heart, you'll know from the start
That it's all I can do not to think about you

I gave you good reason
To walk out that door
Let me tell you I've learned a thing or two
And I'm so amazed at the things you do
Now don't let me go, oh, no

I know some people say
That opposites attract
If that's the truth then we
We're meant to be together forever

It's like I got nothing to do but think about you
I've got all the time in the world
If you look at my heart, you'll know from the start
That it's all I can do not to think about you

I know some people say
That opposites attract
If that's the truth then we
We belong together forever

It's like I got nothing to do but think about you
I've got all the time in the world
If you look at my heart, you'll know from the start
That it's all I can do not to think about you
