I get this feeling as you walk away,
A million hearts will break in two,
But they don't know the games that you can play,
So they will always follow you.

Everytime you move, everybody grooves,
I can't help thinking it's alright (alright).
You just gotta walk, see the people talk,
I like to watch you party.

Chorus Cause everybody wants ya,
When everybody sees ya,
The world is full of dreamers,
But i'm a great believer,
I'm no fool, cause I got you.

I see the way you act like you don't know,
There's something bout your attitude,
And it don't matter how far you go,
Cause I'm the one who's going home with you.

You just gotta bump, see the people jump,
I can't help thinking it's alright (alright).
When you do your thing, everybody swing,
they like to watch you party.

Chorus

I just wind you up and let you go.
And I watch you in wonder,
To see the look upon your face,
I'd say you already know.

Chorus to end
