Wake up in the morning
Looking a little rough
Today I don't know who I am
Today is not enough

So I go up to the mirror
Strike another pose
Half is sad good or bad with every changing pose
But everything I see is me,
Yeah, me

Chorus:
I'm the girl in the band
The world looks good from where I stand
You hear me raise your hand,
For the girl in the band
Let the party begin
I'm feeling good inside my skin
The world at my command
I'm the girl in the band

Ain't no doubt about it
You can tell by the way I walk
I'm cruising by, head held high
I can talk the talk
One, two, three, four
Uh, ready or not
I got to put it on the line
I got to show you what I've got,
I know what you see, is me
Yeah, me

Chorus

Why, oh why, ain't I (ain't I done this before)
I just want what's mine (what's mine and nothing
more)
Time is time, it's time (time to come out strong)
I just want to sing my song

Hey you, get out you see,

Get over yourself,
Get on the beat

Hey you, get off your cloud
Come down to earth,
Get into the crowd,

And I know what you see, is me

Chorus

I'm the girl in the band,
You hear me raise your hand
oh yeah im the girl in the band
