Somewhere the operation failed on a table surrounded
by halogen lamps.

The good doctors

The good doctors checked their watches on our
anniversary.

Somewhere the operation failed

Theres such a sterile feeling in this room.

just so you know,

just so you know you can only parade yourself like this
for so long

(before the rest catch on).

oh youre so obvious at the end of every line with a
comma.

you never had the gut for this.

I guess I know who my real friends are.

Somewhere the operation failed

Somewhere the operation failed

Somewhere the operation failed

Somewhere the operation failed

Somewhere the operation failed

Oh youre so obvious at the end of every line with a
comma.

you never had the gut for this.

I guess I know who my real friends are.

Oh youre so obvious at the end of every line with a
comma.

you never had the gut for this.

I guess I know who my real friends are.
