crawling through seasons of death to the grave
living dead society saved
so much more us then is in them
madness has come to feed them again
now is the winter of my discontent
drowning in my own defense
villains conform them in line to adorn them
with crown of thorn and veiled threats

Abnormal life
grotesquely alive in my monstrous soul
abnormal scheme for the slave rule brings
death to us all

Abnormal life
swarming 'round suicide sinners betrayed
malfunctioning death for the globally plagued
battling demons can't face them alone
snakes in the mirror life turn's to stone
now is the season of hellish descent
the lying truth of consequence
flawed to perfection without the exception
contaminated degenerated

Abnormal life
grotesquely alive in my monstrous soul
abnormal scheme for the slave rule brings
death to us all

Abnormal life abnormal mind
defected alone
abnormal dreams of abnormal things
all dysfunctional

Abnormal life
someting more than evil eyes
behind the smile of your disguise
live forever in your skin
don't let gods and monsters in
left undead to resurrection
walk the earth flawed to perfection
doomed to sing you lullabies

kiss the girls and make them die

Abnormal life
abnormal heart
abnormal mind
Abnormal
