It's just me
Against the world
HA!
Leave me alone
I'm on the defense
I'm not made of stone
Why doesn't it ever make sense
I'm sick of all this indecision
You're messing with my mind
This ain't no false facade
And this ain't no freak disguise
Cuz I am for real
You don't know what I feel
My strength is in my will
I cannot wait
I won't be second rate
In for the kill
It's me against the world
(Me against the world)
-repeat 4x-
Inside looking outside
Through a goldfish bowl
And it's hand over masters
Make me lose control
If I'm an outcast I'm not the last
I'm gonna have my say
They'll never take me in alive
I'm gonna make them all pay
Cuz I am for real
You don't know what I feel
My strength is in my will
I cannot wait
I won't be second rate
In for the kill
It's me against the world
(Me against the world)
-repeat 8x-
[Lead Break]
You can't face my life
You just won't think twice
You'll see it my way and I won't be the martyr
I know you see it wrong

The color don't belong
I'm holding tight don't you push me too far
Yeah it's me against the world
It's me against the world
It's me against the world
Don't you push me too far
It's me against the world
Me against the world
(It's me against the world)
-repeat 8x-
Don't push me too far!
