I can't believe that I believed in you,  
You know just what to say, though none of it is true.  
You saw right through me, Oh was I easy prey,  
Enticed my senses with lust I must obey.

I can hear the call, I can see it all,  
I know you are my truth inside.

Visual lies  
Visual lies

How could you betray me like a thief in the night,  
You stole my eyes and showed me black when there  
was white.  
I read between the lines, but still I don't see,  
I've got no guarantees.

I can hear the call, I can see it all,  
I know you are my truth inside.

Visual lies  
Visual lies

I know you are my truth inside.

Visual lies  
Visual lies  
Visual lies  
Visual lies.

Visual lies  
Visual lies  
Visual lies  
Visual lies.

Visual lies  
Visual lies  
Visual lies  
Visual lies.
