I watch you only, I wish you only knew,  
I am yours solely, I'm deep in lust with you.  
You show me playthings I thought I'd never see,  
But now I want to, to touch the real thing.

I'm ready for action, I'm ready for you,  
I just can't hold it back, I'm exploding, I can't last,

Voyeur,  
I'm chasing shadows in the night,  
Voyeur,  
I'm watching you, you're in my sights,

I know you so well, I know your every move,  
I can't stop watching, I see what no-one could,  
You move your body, untouchable display,  
You make me crazy, because you don't know me.

I'm ready for action, I'm ready for you,  
I just can't hold it back, I'm exploding, I can't last,

Voyeur,  
I'm chasing shadows in the night,  
Voyeur,  
I'm watching you, you're in my sights,  
Voyeur,  
I'm holding on, obsessed inside,  
Voyeur,  
I'm watching, undercover spy.

I want you so bad, you don't know I'm alive,  
You never notice me watching all the time,  
Uncensored sightings undress you with my eyes,  
I'm fantasizing you in suspended thighs.

I just can't hold it back, I'm exploding, I can't last,  
I just can't turn away, I'm right behind you.  
A glance away

[Repeat chorus x2]

I'm chasing shadows in the night,

I'm watching you, you're in my sights.
