You can call it a comeback  
I lay back analyze the rhymes and realize that  
Own that crown for lyrical combat  
Spit more raps, to count more stacks

Kickin' back in the coup I got loops relax  
I'm hotness monotonous fans is runnin' bizzack  
L, please don't leave the game like thizzat never in a  
million years  
Hell, I'll never let you down baby I drop fifty I steal  
gravy

And I look back on Venus  
(I look)  
I look back on Mars  
(And)  
And I burn with the fire  
(Of ten)  
Of ten million stars  
(Guess who's back?)

And I look back on Venus  
(I look)  
I look back on Mars  
(And)  
And I burn with the fire  
(Of ten)  
Of ten million stars

I'm more then a conqueror double up your bets  
Come and rumble with the decks  
I know you had that clown picked  
Mind blowin' out 'cos L still sound sick

You dream you was me I gleam lyrically  
I love 'em for it it's the highest form of flattery  
Doin' the buck ten chrome, skatin' on the battery  
My clutch burnin' on top of the world turnin'

Rippers is just learnin' by stacks, I been earnin'  
I'm the uncle, hell future of funk  
Turn my joint up find out why I'm different from all

these chumps  
And tell your favorite rapper that I'm ready to dump  
For real cat, that represented rap from the jump

And I look back on Venus  
(I look)  
I look back on Mars  
(And)  
And I burn with the fire  
(Of ten)  
Of ten million stars  
(Guess who's back?)

And I look back on Venus  
(I look)  
I look back on Mars  
(And)  
And I burn with the fire  
(Of ten)  
Of ten million stars

Six figure interest on the cheddar  
From music, fashion, film and television  
Poppin' amaretto so what'chu got a vendetta?  
I never felt better

Now forever competition  
Get severed by skills you can't measure  
I'm a champ you a peon  
Kiss the ring begone

Known and respected on any block you be on  
And be on stand there get your MD on  
I chuckle 'cos there's nothin'  
To waste energy on

There you have it, the uncut raw for rap addicts  
Waited three years to see if L still had it  
Ten million stars got beef to the deck  
End of my contract I'm the last one left

And I look back on Venus  
(I look)  
I look back on Mars  
(And)  
And I burn with the fire  
(Of ten)  
Of ten million stars  
(Guess who's back?)

And I look back on Venus

(I look)  
I look back on Mars  
(And)  
And I burn with the fire  
(Of ten)  
Of ten million stars

L's worth paper dash that damn who put 'em up in that  
skyscraper  
Ask my dogs up in old five who made a major?  
L L playa, now who's next to need a paper drop a bomb  
on?  
L's worth paper, dash that damn who put 'em up in that  
skyscraper  
Ask my dogs up in old five who made a major?  
L L playa who's next to need a paper drop a bomb on?

And I look back on Venus  
I look back on Venus  
(I look)  
I look back on Mars  
I look back on Mars  
And I burn with the fire, of ten million stars
