When you were 17 and I was 19  
We fell deep in love growing up in Queens  
We didn't know a thing about love  
We was innocent sneakong on the doorstep to hug  
Held ya tightly and promised you the world  
You gave me hickies and said you was my girl  
When I think about it now it makes me smile  
Cause I ain't felt these butterflies in a while  
Funny how you grow up and innocence fades  
We used to live for love  
But now we're afraid (of what)  
Of the darkness and bitter memories  
Lovers who crushed us through infidelities  
I promise you I'll love you till the end  
Always and forever since way back when  
You're like candy the world's sweetest friend  
You taste better now than you did back then

Ralph:  
You will always be my candy  
One day we will start a family  
You will always be my candy girl  
You will always be my candy  
Watch you will love  
Girl understand me  
You will always be my candy girl

While you suck caramel apple lollipops  
Rain sleet or snow I'm troopin up the murdock  
We used to walk down the block  
Hold hands  
I would get you after school cause I was your man  
And any guys that wanna socialize  
Just know that I'ma flip on any cat that tries  
My peeps used to say I was whipped  
All yo girls say since you got with you flipped  
But they couldn't feel the feelings we felt  
Mirrors on the ceiling we melt  
I would look up at 'cha  
I remember  
The aftrnoon you surrendered

We made love your temperature was high as could be  
You said Todd Promise you ain't lying to me  
And as we went our seperate ways you turned back  
Smiling I remember all that

Ralph:  
You will always be my candy  
One day we will start a family  
You will always be my candy girl  
You will always be my candy  
Watch you will love  
Girl understand me  
You will always be my candy girl

Take it to the bridge

Ralph: (Bridge)  
Candy girl you are my world  
Look so sweet  
You're a special treat  
Candy Girl  
All I want to say  
I need your love each and everyday

When I'm alone in my room sometimes I stare at the  
wall  
And in the back of my mind I hear my memories call  
The days when love was true  
I slept and held Taste the brown sugar  
Let your climax melt you  
Candy, your occupying all of my thoughts  
Turn my soul upside down with lessons you tought  
I can feel you even when your far away you're right  
here with me  
Sweet love strictly  
And I'ma bend over backwards to keep you on my side  
Take you for a mental and emotional ride  
I'ma take you where the average man can only dream  
of  
Cause in a world so sour  
I got the sweetest love

Ralph:  
You will always be my candy  
One day we will start a family  
You will always be my candy girl  
You will always be my candy  
Watch you will love  
Girl understand me  
You will always be my candy girl

Ralph:  
Candy girl you are my world  
Look so sweet  
You're a special treat  
Candy Girl  
All I want to say  
I need your love each and everyday
