Uh, my hat is like a shark's fin

Deepest, bluest, my hat is like a shark's fin

Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin

Man-made terror, hungry jaws of death  
Y'all don't cross my depths, I'll pause your breaths  
I cause you to sink down forty thousand leagues  
Bleeding to death with no arms and short sleeves

My world's deep blue, killers gotta eat too  
Looking for human flesh to rip my teeth through  
Other fish in the sea but barracudas ain't equal  
To a half human predator created by a needle

Jet black eyes, baby, they stare while you sleep  
When your Titanic sinks, I'm the one you gon' meet  
Hearing terrified screams, they surround my team  
All you see is trails of blood, even God won't intervene

Nightmares of darkness, my appetite is heartless  
Even if we related, you eliminated regardless  
In the deep blue underwater walls  
Half man, half shark, my jaws don't fall

Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin

Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin

Our Father who art in Heaven hallowed be Thy name  
Killers sworn to beast, swallowed them in flames

They switched my DNA, trip me into Cool J  
I can't fight the feeling, I'm born to kill prey

To survive an attack there's only one way  
Battle to the death, that's how sharks play  
Weapons left behind, we dueling with the mind  
You blind, crippled, or crazy, you're real easy to find

Struggling to flow with hemorrhages in your throat  
Getting the lap dance while I smash through your boat  
Eat your whole fam', nothing left but a right hand  
Clinging to a rail, escape attempts fail

You'll never make it home, tear the flesh off your bone  
Walking in undercurrents is a dangerous zone  
I'm talking death out a moment's notice  
You wasn't focused, me and my crew strike  
Like some underwater locusts

Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin

Uh, uh, take it deeper  
Uh, uh, take it deeper  
Uh, uh, take it deeper  
Uh, uh, take it deeper

These waters are waist level, the hallway's flooded  
Lost your scuba gear, the killer's cold-blooded  
His name's LL, you don't really want it  
I ate your ancestors, the ocean is haunted

I'm closing in 'cause I'm supposed to win  
How the cold steel feel when it froze your chin  
Should of stayed on dry land stroke while you can  
'Cause now you under pressure in the land of the  
damned

Abandoned pirate ships, eels and sod scum  
Fish that glow in the dark, the Titanic's hub  
Underwater storms, you're blood is so warm  
You're life vest is off and that turns me on

Killer for centuries, the Gotti of the deep  
In the next millennium, I'm still gonna creep  
Sand under my belly, ocean over my head  
Through the light in the shadows  
You become the living dead

Deepest, bluest, my hat is like a shark's fin

Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin

Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin

Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin  
Deepest, bluest, my hat is like a shark's fin

Yeah, DBS
