[Chorus]

Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down

[LL Cool J]

Diggedy down, down just look around, my world is
goin' down
Disease is spreadin' everywhere, I can-cannot be found
This, the season for murder - isn't no reason
to hurt another brother but temptation is so pleasin'
And every alley-way, they're gettin' high
On playgrounds they're sellin' crack and every day
another baby dies
Pistol whippin', kidnappin', anything can happen
Diggedy down, diggedy down with Old Trafford

[Chorus]

Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down

[LL Cool J]

Young people, with no education, politicians, deny and
segregation
Young infants, deserted and abandoned
Step parents, lack in understandin'
Homelessness, all across the land, war, man against
man
Treachery and evil fillin' our communities
and all these hypocrites, aiyyo, they're stealin' from
our charities

[Chorus]

Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down

People are gettin' hurt, people are gettin' hurt up
People are gettin' done, people are gettin' done up (we
gotta rise)
People are gettin' hurt, people are gettin' hurt up
People are gettin' done, people are gettin' done up (we
gotta rise)
People are gettin' hurt, people are gettin' hurt up
People are gettin' done, people are gettin' done up (we
gotta rise)
People are gettin' hurt, people are gettin' hurt up
People are gettin' done, people are gettin' done up

[Chorus]

Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down
Down, down, diggy, diggy, down, down (blow)
Down, down, diggy, diggy, down

[LL Cool J]

Diggedy down, down just look around, my world is

Many poisonous chemicals and (uh) boom!
Many devilish goals are up (uh) soon!
No love where loves' ya dwell in
Mother-earth transformed into hell an'
Ice, murders, conspiracy and (uh) schemes!
Young boys will reveal their, dreams!
Handguns in the hands of the young
and diss all this paranoia, yo, there's much slugs for
everyone

We need to rise (rise), as if we live with our eyes (eyes)
Stay away from the hate (hate), before it's too late
(before it's too late)
We go ah...
