Ima It you feel my heartbeat
chest to chest
can you feel my heartbeat
pull up your dress
can you feel my heartbeat
we get the sweating you can feel my heartbeat

Ima It you feel my heartbeat
chest to chest
can you feel my heartbeat
pull up your dress
can you feel my heartbeat
we get the sweating you can feel my heartbeat

baby its time to switch out the way things go
tonights the night you'll be in control
i bought you a uniform so your could play the role
now heres the stethascope

lady, i know before we was going kinda cold
the same old the same old we seem to take a toll
tryin to take it back take a sip all go
and try a couple things we never did before
maby you could be a freak for me at the door
i come up to the crib you dressed ready to go
girl take it down low n make it clap real slow
i never had so much fun without spending dough
baby you the star of the big boy show
i love you even more now you unpredictable
once we in the bedroom there no telling wha we do
so what you wanna do?

Ima It you feel my heartbeat
chest to chest
can you feel my heartbeat

pull up your dress
can you feel my heartbeat
we get the sweating you can feel my heartbeat

Ima It you feel my heartbeat
chest to chest
can you feel my heartbeat
pull up your dress
can you feel my heartbeat
we get the sweating you can feel my heartbeat
[Feel My Heart Beat featuring 50 Cent Lyrics On]
(i like it when your close than visible this condition it
critical off to the bathroom there we go you ride better
than my new convertable)

yeah time for you to buss out the new red pumps
ima lick shots let the box spring jump
go ahead n play the roll ima give you what you want
side to side bring it back to the front
dress up like the martials on a man hunt
leave all my jewels cos you love it when i stunt
ill play any role accept being the chump
my jon lil girl you love it when i crunk
your boy told smiff im the future of the funk
pretend we lil kids play tag and dry hum
feel my whole movie back to work just before lunch
thats what i want

Ima It you feel my heartbeat
chest to chest
can you feel my heartbeat
pull up your dress
can you feel my heartbeat
we get the sweating you can feel my heartbeat

Ima It you feel my heartbeat
chest to chest
can you feel my heartbeat
pull up your dress
can you feel my heartbeat
we get the sweating you can feel my heartbeat
(i like it when your close than visible this condition it
critical go to the bathroom there we go you ride better
than my new convertable)x2

feel the excitement building baby
its exciting, its thrilling, its passionate you know what i
mean
your heart is beating faster and faster
you feel that
what if you felt it 10 times more than that

what about 20 times more than that
what about 30 times more than that
heartbeat
