Ayo this is the infinite, intelligent, extravagant and eloquent

That shit y'all talkin is irrelevant

I put it down from the gutter to the tenement

It's LL Cool J nigga, everything I do is excellent

And I got to represent, Q-Boro, the thorough

Y'knowmean? We get down, we get down baby

Check this shit out right here, uh

E Pluribus Unum is the album I'ma drop

It'll make you bitch niggas as hard as rocks

Givin head to the glock, pretend it's hard cock

Splashin niggas I came slow through the block

I'm, the original, visual, individual

Ten times platinum your career's lookin critical

Reach for this, motherfuck being a criminal

Look in your bitch eyes, the vibe is subliminal

You wanna freestyle fuck that

I need at least seven figures to even touch that

But since everybody was underestimatin' my format

I dropped Ill Bomb and now niggas want more of that

Aint a rapper dead or alive fuckin wit me

Ask the last bitch that tried to come and get me

Talk about paper, I can talk about broads

I can talk about movies, I can talk about awards

Fuck the fantasies, yo I got all four

And 2001'll be mine, by law

Why name the Greatest Of All Times?

Because for fifteen years I kept y'all standin in line

Lovin the way I shine and my lyrics combine

With the ruggedest, illest beats that Def Jam can find

Fuck them other niggas with their 9 or 10 hits

My hits run deep as the emotions of your bitch

Back in the days it was the M fast stick

But now the Bentley is all get more whores on the dick

This ones for Clue and my Riker's Island niggas

That remember when I came through

The big O B C C H D M 2 C 74

Little Nasi and the crew, y'all niggas come home

Word up, the new album gon' be the shit baby
Aint no doubt about it, E Pluribus Unum
Out of many one, The G.O.A.T., Greatest Of All Time...
