### THE. G.O.A.T

I Helped build the hiphop nation  
How the four walls gonna hate on the foundation  
My rhyme book created your occupation  
Its a Goodfellas moment just a lack of appreciation  
I feel like Paulie when he turned his back  
But I poisoned the cheese for these thirsty rats  
I even heard em say I was off beat on the track  
Its a lazy flow, you lazy you should know  
CLOWNS amaze me when they say I aint a GOAT turn  
around dickride cats who paid to blow now they wanna  
know who im talkin about No body specific this is not a  
gimmic i've shown yall a path thats has no limits you  
can hate on the made back or get your ass in it

LL cool J no body's hot as me no way i keep beat for yall  
all day im lockin it down in the game like raw way
