(feat. 7 Aurelius)

[7 Aurelius]

Hush baby, wanna let ya know  
This is how it's gonna go

[beat starts up]

[Chorus - 7 Aurelius]

Hush baby, wanna let ya know  
This is how it's gonna go  
If u wanna come and play  
Gotta do it my way  
Hush baby, don't talk so much  
Just wanna feel ya touch  
Everything will be ok  
If u do it my way (my way, my way)  
Hush baby [echoes]

[Verse 1 - LL Cool J]

U feel so good  
Rest of my life i wish i could  
Hold u tight and take a flight out the hood  
Was i foul or just misunderstood?  
Mind-mannered or up to no-good  
It really doesnt't matter, either way i should  
Maximize the moment and hold ya close  
Jump in the drop spider and cruise down the coast  
Who loved u the most?  
I was never ghost  
When lives was on the line  
Confusion in ya mind  
Runnin outta time  
Drama of all kind  
But there's faith in our mind  
We spiritually inclined  
Sometimes i flip  
Sometimes u flip  
Sometimes we wild out and act like lunatics  
We movin too fast, the whole world's in a rush  
Everybody just hush...

[Chorus x1]

[Verse 2 - LL Cool J]

Its all a test; the pain, the drama  
The villa in the bahamas  
The highs, the lows  
The hoop-t, the Rolls  
The money flowin  
Certain doors that we go in  
The people we meet, the hands that we shake  
Whether it's Mortans or Sizzla steak  
But everything will be okay  
[w/ 7 Aurelius] if we do it my way  
'cause i believe in romance  
Kissin while ya slow dance  
Me bouncin baby? no chance  
No matter the circumstance  
Whatever it takes gurl, I'll swim to France  
'cause ya beauty's unmatched  
Such a great catch  
Unconditional love, forever we are attatched  
Deal with the drama, we can find our way back  
With or without the Maybach...

[Chorus x1]

[Verse 3 - LL Cool J]

I can feel ya pain  
Like we simese twins connected by our brains  
Walkin thru the desert in the ice cold rain  
Want u in my life and nothins gonna change  
God willin, we still be doin our thang  
When my six-pack's faded  
Raps outdated  
But that's many years from now so don't rush  
Little mama just hush...

[Chorus x1]

[7 Aurelius]

Hush baby  
Hush hush darling  
Hush baby hush hush  
Don't talk so much  
Wanna feel ya touch

[LL Cool J]

Hush baby hush  
Hush baby hush

[7 Aurelius]

Hush baby wanna let ya know... [echoes]
