Uhh, yeah, mmm, c'mon  
You know how long I've been waitin' for this  
Mmm, you know how bad I want this  
(Mmm, mmm, mmm)

Kiss me from head to toe  
(I will)  
Ooh baby I love you so  
(C'mon)  
My sweet love ain't gon' stop  
I'm gon' be your lollipop  
(Lollipop)

Kiss me from, head to toe  
Ooh baby I love you so  
(I know)  
My sweet love ain't gon' stop  
I'm gon' be your lollipop

Lolli lolli pop pop, boppin' down the block block  
I've been lovin' you since junior high, ma you got  
Everything I need, everything I want  
You're the type of dime a real playa wanna flaunt

Lovin' them lips and the shape of them hips  
When I see you in that whack brother's whip, I flip  
I hate your boyfriend, that cat is corny  
I kick it to you and I dare that clown to run up on me

When nights are stormy  
I be thinkin' about your pretty smile, gritty style  
But Duke got you locked down like Riker's Isle  
I wanna break your man off, I can't control it, I'm a  
hater  
Especially, when your perfume lingers inside the  
elevator

You're the one, the only one  
That I would beg, to give me some  
Playerism's for life, eternal flossin', proceed with  
caution  
Baby toss him, divorce him, let the boss in

Kiss me from head to toe  
Ooh baby I love you so  
My sweet love ain't gon' stop  
I'm gon' be your lollipop  
(Lolli lolli pop pop)

Kiss me from head to toe  
(Toe, toe)  
Ooh baby I love you so  
(I know)  
My sweet love ain't gon' stop  
(Yeah)  
I'm gon' be your lollipop

So ballistic, mystic, twisted  
In my dreams I kissed it, never missed it, I frisked it  
Searched it, worked it, lollipopped it and jerked it  
You followed, swallowed, scratch my back, baby  
burped it

Red passion, high fashion  
Nobody got to know I'm smashin', I'm sayin' it shorty  
Rock, Miss Thang, playin' a childish games  
Standin' on the corner knowin damn well I wanna blaze

Sweet get to it anywhere you like  
On the rooftop at midnight  
The project stairs, I'll be there  
Runnin' my fingers through your hair

Anyway, the untouchable, magnetic  
Kissable loveable huggable energetic, call a medic  
Your man'll regret it, when I hit it I'm athletic  
Energize your thighs you'll recognize the size, it's  
epidemic

Kiss me from head to toe  
Ooh baby I love you so  
(Uh, yeah yeah)  
My sweet love ain't gon' stop  
I'm gon' be your lollipop

Kiss me from head to toe  
(Yeah, ha ha)  
Ooh baby I love you so  
My sweet love ain't gon' stop  
(She's crazy)  
I'm gon' be your lollipop

When y'all alone in the Brooklyn Brownstone

Starin' at the high ceilin', what a feelin'  
Clothes peelin', finally you're double dealin'  
I'm walkin', he's wheelin', it's unreal when

You got the dime of your fantasies  
My lollipop ecstasy's on top of me  
Just like I thought, it's a small world after all  
I don't care if your neighbors hear us down the hall

Make 'em jealous, what they gon' tell us?  
If you don't tell your girls baby, I won't tell the fellas  
Unless you complain, I orchestrated icebergs  
Visions of my lollipop's thick risen, for my wisdom

Plop plop fizz fizza, what I give them  
Make yea baby, right there my new anthem  
I love you baby, take it deep, deep, deep  
Deep, deep, deep, now go to sleep

Kiss me from head to toe  
Ooh baby I love you so  
(I know)  
My sweet love ain't gon' stop  
(How would it?)  
I'm gon' be your lollipop  
(Lollipop)

Kiss me from, head to toe  
Ooh baby I love you so  
(Yeah)  
My sweet love, ain't gon' stop  
(Here we go)  
I'm gon' be your lollipop

Kiss me from head to toe  
Ooh baby I love you so  
My sweet love ain't gon' stop  
I'm gon' be your lollipop

Kiss me from head to toe  
Ooh baby I love you so  
My sweet love ain't gon' stop  
I'm gon' be your lollipop
