[Rap:]

Concentrate, listen to me,
while you do me, Should I surrender when you pursue
me,
You think a man don't have heart and soul,
When a hand's that good, anybody will fold,
It's like poetry in motion,
But the heart regulates the devotion,
Love is floatin' in a sky blue ocean,
Think about it, Feel the motion, young queen, it
reminds me of a smoothed
out movie scene,
Two bodies intertwined on the screen, Everybody make
love in their dreams,
But this is real, know what I mean?
Passion is the way of the world, Electricity when boy
meets girl,
And making love is the key, A burning flame that will
last eternally

[Verse 1:]

You should know that I'm here for you,
As long as you see me through,
I would give all I have just to be with you,
Don't you see honey it could be me and you.

[Chorus]

I really look forward to being with you,

When you're not around I don't know what to do,
You give me a feeling that I can't control,
You take my heart and soul
Never Question what I do,
Cause you need me baby and I need you,
so there's no need for ya to have no fears,
Without a doubt I will be here,

[Verse 2:]

Now I know what I want to do,
Everything is all right as long as I'm with you,
Oh don't you understand I don't want to be alone,
Baby don't you know:

[Chorus:]

I really look forward to being with you,
When you're not around I don't know what to do,
You give me a feeling that I can't control,
You take my heart and soul,
Never question what I do,
Cause you need me and I need you,
So there's no need for ya to have no fears,
Without doubt I will be here.
