please let me love you please let me hold you you are  
all that I want today and forever will you be my heart  
and soul will you be my heart and soul will ou be my joy  
and hope we share the greatest love ever known I just  
can't help myself my heart adores you something just  
tells me this was just meant to be please let me love  
you forever and ever how I love your smile how I love  
your laugh you are exactly what I need I am so inspired  
by you and all that ou are my love through the good  
and bad I know you are exactly what I need please let  
me love you please let me hold you
