I can shut a nigga down so quick my sounds so sick
My talents spread around while I'm holdin' my dick
My dingling shit flip emaculate
Evolutionary flows, y'all want more dough

Make wit the best, get the best, all the rest hit 'em less
Rip a nigga from the East to the West
Just a lyrical maze, lyrical days
God works in mysterious ways

I'm the warlord of war, relieve the raw dog
Niggas ain't even comin' close to my low score
Niggas fleein' when I'm rippin' on the hard core beat
That's slammin' through your jeep like a 44 Mack to
your back

Nigga L never got rip by a track
I don't fuck around, always come back
For the lyrical miracle day one platinum plaque right
off the back
Looked at every nigga wit the mic on my arm

A time-bomb blowin' up ring the alarm
Cool double O flow well to the LL
I'm leave the world looking hard as hell

I shut 'em down
(Get off me, you can't hold me)
I shut 'em down
(Get off me, you can't hold me)

I shut 'em down
(Get off me, you can't hold me)
I shut 'em down
(Get off me, you can't hold me)

To the next plateau niggas bet my flow
Betta bet I role wit more control
Gotta bring the heat that eliminate who can't compete
Spit razors to rip the beat

Relentless, endless, friendless when it comes to the

lyrical mack

Now, off my back, stack 'em, drag 'em, now, feds
waggin'

Hear you fassen, place on the blood of my veins
without passion

Mashin', take a little time to think the rhyme out

How to find out, bump and grind out, pump the lines
out

I'ma show what the microphone is all about without
doubt

C to the double O, bounce in the bubble eye Limo

No, I ain't checkin' for you bull shit demo

Every time you hear me in a battle I'm lethal

Nigga too sweet n' low you ain't equal

I shut 'em down, I shut 'em down

I shut 'em down, I shut 'em down

I shut 'em down, I shut 'em down

I shut 'em down, I shut 'em down

I shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)

I can take you to the level if I let my phantom

Nigga 'bout to rule the world wit one anthem

Kidnapped rap for a handsome ransom

Smoke a little Branson on the side of the mansion

Keep it thugged out even when a nigga dancing

Branson make that trans and keep it dancing

I'ma murder every nigga in the game

Can't stand the rain, fuck a maintain

Gotta leave the world in flames
Nigga wanna live life stay out of my lanes
Tryin' to read my name
Here's a murderous combo wit you on your pain

Sideways stimulator bringin' the flames
Niggas wanna feel me, spit the whole clips
Sing along it will split your lip
45 wit an name on the grip
Niggas said, "You wanna battle?" Nigga now talk shit

I shut 'em down
(Get off me, you can't hold me)
I shut 'em down
(Get off me, you can't hold me)

I shut 'em down
(Get off me, you can't hold me)
I shut 'em down
(Get off me, you can't hold me)
