Fell where? Don't these niggas know I'm LL?
Lemme run it through this album, tell Spielberg, "Chill"
My jet hit La Guardia six in the morn'
They be waitin' in the Bentley when the plane takes on
Straight to the studio dirty, no shower
Threw out 5 mics in the first half hour

Niggas know, who about to get all the dough

Who about to spit all the flows
That's all I can say, and I can't stands no more

Look at the crowd, how they respond to my product
Like ecstasy, my crew's next to me
It's my destiny, to make history

From the streets of Paris, up north to sing-sing

One question, "Do I do my thing thing?"

Drop mo' platinum, to fo' mo' bills
You pop mo' shit, I show mo' skill
Greatest of all time, and that's all real
Ain't no rapper could do what I do
Rip ya whole label solo, no crew
Ain't a MC that I can't go through
And I only have respect for a chosen few

But they could get it too
Trust me, you don't want L to spit at you
I'm the one they call when shit gets critical
The way I conquer the world is spiritual, I'm imperial
Everlasting, the best who ever did it
Holdin' the crown down, can't nobody get it
Germany, Italy, France, Japan
London, Africa, bow to the master, the G.O.A.T.
