Hot, fire, hot

L! Who bring you the hotness?  
L! Yo, you don't wanna start with  
L! Forever keepin it locked  
It's now time to rock with L! Throw your L's up

Don't ever under estimate Jack the Ripper  
Be clear, every time he reappears, it's sicker  
Listen here, the mind expanded, the vision is slicker  
I'm long range like a miss-ile, many styles to getcha

Tear ya out the frame so the hood can get the picture  
But I'd rather break bread, kick knowledge and get  
some money witcha  
I'm willin' and able, to smooth pounds out like witch  
hazel  
The legend is real, I'm not a fable

Captivated the screen, I'm Queens' Clark Gable  
If it ain't a joint, bet your label, don't put it on the table  
I'm out for the moolah, throw better hooks than David  
Tua  
Who's the nicest? L, you are

L! Who bring you the hotness?  
L! Yo, you don't wanna start with  
L! Forever keepin it locked  
It's now time to rock with L! Throw your L's up

L! Who bring you the hotness?  
L! Yo, you don't wanna start with  
L! Forever keepin it locked  
It's now time to rock with L! Throw your L's up

You don't want it with L, b'ship cats will get banged out  
Put your flow throw a filter boy shake the old slang out  
23's in the building, watch my tongue hang out  
Makin' M C's scatter like multiple shots rang out

Day one since I came out, they can't put the flame out  
My temp seizin', perfect reason to blow the game out

Skatin' off in the navy, naw baby you can't have me  
But I know cats will pay for that 'n lace ya - yeah, gladly

Warning, young rappers, you don't want a career?  
Y'all wanna keep goin' platinum, y'all don't wanna  
disappear?  
Stop boppin' backstage like you causin' me fear  
'Cause you startin' to get on my nerves, and that's a  
problem  
The vet's in here

L! Who bring you the hotness?  
L! Yo, you don't wanna start with  
L! Forever keepin it locked  
It's now time to rock with L! Throw your L's up

L! Who bring you the hotness?  
L! Yo, you don't wanna start with  
L! Forever keepin it locked  
It's now time to rock with L! Throw your L's up

Tension on the mic, halftime highlights  
L boogie bangin' on 'em, jumpin' through the skylight  
You stand corrected, I'm hot, so get it riddight  
I'm just spittin', when the mid dick is gripped, I spit it  
tiddight

Aight? Oh, these various rappers is so hilarious  
Who put the mic down but y'all ain't qualified to carry  
this  
Your tracks are garbage and bars are miscellaneous  
So, throwin' your joint at my car was spontaneous

Oh! I can't take it, why, must they fake it?  
Flows is fully dressed, yours is butt naked  
Forever I will be, the one they came to see  
Blowin' mic's in half baby, who else could it be but

L! Who bring you the hotness?  
L! Yo, you don't wanna start with  
L! Forever keepin it locked  
It's now time to rock with L! Throw your L's up

L! Who bring you the hotness?  
L! Yo, you don't wanna start with  
L! Forever keepin it locked  
It's now time to rock with L! Throw your L's up

L! Who bring you the hotness?
