Uhh, hot, fire, hot, uhh

L, who bring you the hotness?
L, yo, you don't wanna start with
L, forever keepin' it locked
It's now time to rock with L, throw your L's up

Don't ever underestimate the Jack the Ripper
Be clear, everytime he reappears, it's sicker
Listen here, the mind expanded, the vision is slicker
I'm long range like a missile, many styles to getcha

Tear ya out the frame so the hood can get the picture
But I'd rather break bread, kick knowledge and get
some money witcha
I'm willin' and able to smooth pounds out like Witch
Hazel
The legend is real, I'm not a fable

Captivated the screen, I'm Queens' Clark Gable
If it ain't a joint, bet your label, don't put it on the table
I'm out for the moolah, throw better hooks than David
Tua
Who's the nicest? L, you are

L, who bring you the hotness?
L, yo, you don't wanna start with
L, forever keepin' it locked
It's now time to rock with L, throw your L's up

L, who bring you the hotness?
L, yo, you don't wanna start with
L, forever keepin' it locked
It's now time to rock with L, throw your L's up

You don't want it with L, b'ship cats'll get banged out
Put your flow throw a filter boy, shake the old slang out
23's in the buildin', watch my tongue hang out
Makin' MC's scatter like multiple shots rang out

Day one since I came out, they can't put the flame out
My temp seizin', perfect reason to blow the game out

Skatin' off in the Navi, naw baby you can't have me
But I know cats will pay for that 'n lace ya, yeah, gladly

Warnin', young rappers, you don't want a career?
Y'all wanna keep goin' platinum, y'all don't wanna
disappear?
Stop boppin' backstage like you causin' me fear
'Cause you startin' to get on my nerves and that's a
problem
The vet's in here

L, who bring you the hotness?
L, yo, you don't wanna start with
L, forever keepin' it locked
It's now time to rock with L, throw your L's up

L, who bring you the hotness?
L, yo, you don't wanna start with
L, forever keepin' it locked
It's now time to rock with L, throw your L's up

Tension on the mic, halftime highlights
L Boogie bangin' on 'em, jumpin' through the skylight
You stand corrected, I'm hot, so get it riddight
I'm just spittin', when the middick is gripped, I spit it
tiddight

Aight? Oh, these various rappers is so hilarious
Who put the mic down but y'all ain't qualified to carry
this
Your, tracks are garbage and bars are miscellaneous
So, throwin' your joint at my car was spontaneous

Oh, I can't take it, why, must they fake it?
Flows is fully dressed, yours is butt naked
Forever I will be, the one they came to see
Blowin' mics in half baby, who else could it be but?

L, who bring you the hotness?
L, yo, you don't wanna start with
L, forever keepin' it locked
It's now time to rock with L, throw your L's up

L, who bring you the hotness?
L, yo, you don't wanna start with
L, forever keepin' it locked
It's now time to rock with L, throw your L's up

L, who bring you the hotness?
L, yo, you don't wanna start with
L, forever keepin' it locked

It's now time to rock with L, throw your L's up

L, who bring you the hotness?
L, yo, you don't wanna start with
L, forever keepin' it locked
It's now time to rock with L, throw your L's up

Uhh, I'm so hot, uhh, uhh, we so hot
Uhh, uhh, you so hot
Uhh, uhh, feel it hot
Uhh, uhh, are you hot?

Uhh, uhh, I know I'm hot
Uhh, uhh, are you hot?
Uhh, uhh, I know I'm hot, feel it
