### "A Night Off"

(feat. Drake)

*[Drake]*

Spending every moment in the studio.  
I never said it'd be fair.  
But when your all alone I hope you truly know.  
How bad I want to be there.

*[Refrain]*

Come right here.  
Set your bag down.  
Took a night off for you.  
Go ahead and turn the lights off, but keep your heels  
on.  
There fitting for what I'm about to do.  
Ooh Oh Oh Oh.  
No you ain't explaining nothing on a dime.  
Just be quiet I'll do fine without your help. Girl.  
Any work without a second for some fun.  
Now you finally got a moment to yourself girl.  
And I know what to do with it, I know what to do with it.  
I know to do with it, I know what to do with it.

*[Lloyd]*

Ooh whoa oh oh oh. Oh whoa oh oh oh. Yeah.

I been waiting for so long to get you all alone.  
Now I finally got you right here.  
So baby Imma lock my door and disconnect my phone.  
Cause I wanna make one thing clear.  
I want to on top.  
So let your hair down.  
I took the night off for you.  
Girl I'm gonna turn the lights off, but keep your heels  
on.  
there fitting for what I'm about to do.

Ooohhhhhhhhhhhhh. Yeah.

*[Refrain]*

Come right here.

Set your bag down.  
Took a night off for you.  
Go ahead and turn the light off, but keep your heels on.  
There fitting for what I'm about to do.  
Ooh Oh Oh' Oh.  
No you aint explaining nothing on a dime.  
Just be quiet Ill do fine without your help. Girl.  
Any work without a second for some fun.  
Now you finally got a moment to yourself girl.  
And I know what to do with it, I know what to do with it.  
I know to do with it, I know what to do with it.

*[Lloyd]*

Oh. Its 6 o clock in the morning at the studio.
