Lloyd talking

Angels descending bring from above  
Echos of mercy whispers of love  
When hearts listens angels sing I  
Never knew the feeling her love would bring.

Verse 1

Heaven put an angel at my side with  
Wings like shelter in the night  
Just hold me close for a little bit longer  
Stay with me til the morning flight

Chorus

Maybe I'm a fool to fall for angels  
Maybe I'm a fool to fall for angels  
Maybe I'm a fool to fall for angels  
Cause they always fly away

Verse 2

Fly away angel go be free  
Won't you come back home and f\*\*k with me  
Hold me close for a little bit longer  
Til heaven calls you away from me

Chorus

Bridge

Give me wings to fly away  
Like Icarus I'm having a bad day  
See your shadows on the sun  
As you're flying far away

Chorus

I'll tell God heaven can wait
