### "Everyday"

Life has it's ups and downs  
But all I'm witnessing is struggle around  
I Wish I could help make a change,  
But it's so much hurt around me,  
So much pain

So why  
(Why, Why)  
Can't we all just get along?  
And try  
(Try, Try)  
Try to hold on,  
Try to be strong  
Now is the time  
(Time, Time)  
For us to start  
To open our hearts,  
Let love in our lives  
(Life, Life)  
Keep your head up,  
Up to the sky  
Because...

Every day it'd be beautiful  
(Every day)  
Every cloud has it's time before the sun  
To no highs and lots of lows  
Things don't always go the way they're supposed  
That's the only thing that's for sure

Last night someone's son died  
(somebody's son died)  
So much pain in his mother's eyes  
Disease and terror  
Got my soul drained  
Propaganda and lies  
Got the world changed

(So tell me)  
So Why

(Why, Why)  
Can't we all just live as one?  
And try  
(Try, Try)  
Try to hold on,  
Try to be strong  
Now is the time  
(Time, Time)  
For us to start  
To open our hearts,  
Let love in our lives  
(Life, Life)  
So keep your heads up,  
Up to the sky  
Because...

Every day it'd be beautiful  
(Every day)  
Every cloud has it's time before the sun  
To no highs and lots of lows  
Things don't always go the way they're supposed  
That's the only thing that's for sure

All we need is love,  
War is not the answer  
So much hatred around  
Spreading,  
It's like cancer  
Tryna to find my way out  
So I reach for the clouds  
Pray for a brighter day  
Need you to send some love my way God
