Ummmmm

Hey

Ohhhh oh yeah

Ummm umm

Look

[Verse 1:]

Oh miss lady

These sexual thoughts keeps rushing through my mind

All I wanna do is touch you(touch you, touch you)

Because the feelings that I feel so hard to fight

But I ain't trying to rush you (rush you, rush you)

Even though I'm only in your town for one night

I got enough time to rush through the drill

Girl tell me how you feel deep down inside

Yeah

Cause I'm trying to make you feel

[Chorus:]

Make you feel so right

Whenever your body's lying next to mine

It's gonna get loose

Let's take it through the roof

Cause you know that you're the truth

Girl you're extra fine

Cause I'm trying to make you feel

Make you feel so right

Whenever your body's lying next to mine

It's gonna get loose

Let's take it through the roof

Cause you know that you're the truth

Girl you're extra fine

Yeah

[Verse 2:]

Girl your lips your eyes

Your hips your thighs

Is so hypnotizing

This feeling inside of me

Is steadily rising

Girl I know

Baby girl I know

Your love Iâ€™m trying to hold on to
Why donâ€™t you just let go
Loose control
Itâ€™s all on you

[Chorus]

[Breakdown:]

So shorty just relax your mind
Sit back and letâ€™s unwind
I promise itâ€™ll feel real good
Just let me massage your spine
Cause baby thereâ€™s no need to rush
We got no where to go
Take your time
And you see by the end of our escapade
Iâ€™ll make you mine

[Chorus (repeat until end)]
