Yeah
I feel so cool, hey
Ooh yeah

Said I'm rollin' down the Ave.
Wit a bunch of cash in my duffel bag
Going away to my bachelor pad
To pop a few tags and have my stash
And I'm out the door wit' my foot on the gas
Movin' fast, tryin' not to crash
Damn sure, hope this party lasts
So I can see shawti shake her ass

I seen her posin' on the corner
Wit' a red lollipop in hand
Gettin' noticed by every man
Horns is blowin' from every van
So I walked over and I told her
I wanted to know if she can
Shake the junk that's in the trunk
Shawti, let's dance

'Cuz I love the way you walk
In them, high heeled shoes
And I love the way you talk
Girl, I'm feelin' you

Ain't no more I can take
It's how you move
And baby, I can't wait
Till I'm feelin' you

Shawti, the way I feel when she
Walks by me is incredible
But she must know I can't go
'Cuz her back is up against the wall
She's so off the chain
Wit' that thang from afar
Ain't no doubt she's a superstar
Girl, I need to know who you are

This club is jumpin', the music's bumpin'

And it's extra packed from wall to wall
It's not a lot of room to move at all
As we make our move to the bar
She's truly bra to the point
Where I'm nothing but a jar and I drool and all
Can't feel shit, like I was hit by a movin' car, yeah

'Cuz I love the way you walk
In them, high heeled shoes
And I love the way you talk
Girl, I'm feelin' you

Ain't no more I can take
It's how you move
And baby, I can't wait
Till I'm feelin' you

Oh, so let my mind blow while she throwin' back
Same way that Deetay do wit' the track
By breakin' and shakin' and makin' it clap
Goin' from my lap down to the floor mat
She only dance flow, don't know how to act
Girl, let's go home, I got room in the 'Lac
You bad to the bone, can I get wit' that? Oh

I smoke that, it's on and
And she's lookin' at me like she want it
Telling me to hurry, come jump up on it
Threw the booty up, she's tryin' to flaunt it
And I got enough on you
Be comfortable, come spend the mornin'
Shawti, your body is potent
Can I get a dose of you?

'Cuz I love the way you walk
In them, high heeled shoes
And I love the way you talk
Girl, I'm feelin' you

Ain't no more I can take
It's how you move
And baby, I can't wait
Till I'm feelin' you

I'm feelin' you, oh
I feel so cool
Hey, ho yeah, ooh dirty
I feel so cool, oh yeah
Aye yeah
