[Verse 1:]

I wish we could have a chance  
All I need is a chance  
To really get to know you  
Girl I seen the way that you prance  
By the way that you dance  
It's some things I like to show you  
So baby if you down to ride  
Yo feelings don't hide  
It's room inside the rover  
Your what I need in my life  
Yo body's so right  
Shaped like a pop soda  
Please believe it's not a dream  
It's exactly how it seems  
Girl the magazines showed ya  
I know you see the shiny things  
Gold grill, diamond rings  
Me and my niggas taking over  
But if anything I need a queen  
Who lean on my shoulder  
When I feel the need to hold ya  
Girl you making me wanted  
Flee a scene  
Hit the road up  
Get you across the border

[Chorus:]

Let me see you  
Take it low  
Take it low  
Take it low  
Take it

Let me see ya  
Let me see ya take it low baby  
Cause it's about to get physical  
Physical  
Physical baby  
Oh baby  
Oh yea

[Hook:]

Now I don't know about you  
But I know I would like to do a lot of things to you  
Lot of things  
Lot of things  
Lot of things to you  
Freaky things to you  
[repeat]

[Verse 2:]

Now girl I love to be your man  
But understand that my plan is to be your one and only  
Ain't no running round tryna fuck the homies  
Down on the other side of town tryna flow me  
Yea I know that if my minds on the grind 99 time to  
time  
You may feel unwanted  
But in fact anytime you feeling lonely  
Don't wait another moment  
Hit me up I'll come jump on it

[Chorus: til song ends]
