darling i hear this kind of story all the time
i already know your situation
so here's your invitation
come over
and i'll provide all the things i know you need tonight
your curves are the perfect stimulation for my
imagination
come over

day or night
here she comes
and tonight she's
gonna take her down down
don't wanna let her down down

what's on your mind

you are the kind of girl i need in my life
i'm holding you down for the weekend
and all that i was thinking
would you come over
if you were my girl
baby i'd show you all around the world
there'd be no time for sleeping
all night we'd be freaking
come over

day or night
here she comes
and tonight she's
gonna take her down down
don't wanna let her down down
