Uh yeah... ohh... ohh, yeah, yeah
I can change your life baby

I know what your used to
And I can show you
Something that's better (see girl I know)
He used to abuse you
He only used to
Get on my level

I can change your life
If you let me
I can do it
I know just what you need
I can change your life
I can make you happy
Girl if you let me
I'll make your puzzle complete
I can change your life

I know just what you need it
Let me provide it
There's no need to fight it... soo
Cause as long as I'm breathing
You can believe it
Throw down on everything I love

I wanna be, I wanna be ehh
I wanna be, I wanna be ehh, ehh
Infinite, permanent, perfect fit for you

I can change your life
If you let me
I can do it
I know just what you need
I can change your life
I can make you happy
Girl if you let me
I'll make your puzzle complete
I can change your life

I can, change your, life
Girl I'm asking you
I got plans for you, and me
This is where you should be

I can change your life
If you let me
I can do it
I know just what you need
I can change your life
I can make you happy
Girl if you let me
I'll make your puzzle complete
I can change your life
