A Town connection

Lloyd, check, Luda, check, turn it up, make it knock,
knock
East, west, north, south, beating on down your block,
block
Lloyd, check, Luda, check, turn it up, make it knock,
knock
East, west, north, south, beating on down your block,
block

First off let me mention I been missing but I'm back on
the scene
A Town in the building, you can feel it, yes, this
swagger is mean
We're the ones that made you snap your fingers and
get on the floor
And now the king is back and I'ma show you how it
goes

G-g-girls get down on the floor, bet you I can make lil
mam get ****
You see 'round here we got that game and anything
else has gotta go
We popping bottles, got them models, making it rain
up in the club, oh
And no, this ain't no game, that's just how we do it in
the A

Yeah, I know you miss it, so I'ma make you feel it
There ain't no other way, that's just how we do in the A
Get wild, get crunk, get low, everybody get on the floor
When I'm done I'ma make you say, that's just how we
do in the A

I hit the club, it's 3 am so time to get it started
No disrespect lil mama I'm tipsy from that other party
Pour all your haters on me, order yourself a drink
When you get this here I'ma make it clear my level
can't be reached

G-g-girls get down on the floor, bet you I can make lil

mam get ****

You see 'round here we got that game and anything
else has gotta go
We popping bottles, got them models, making it rain
up in the club, oh
And no, this ain't no game, that's just how we do it in
the A

Yeah, I know you miss it, so I'ma make you feel it
There ain't no other way, that's just how we do in the A
Get wild, get crunk, get low, everybody get on the floor
(What up Gotti? I know you like to do it your way)
When I'm done I'ma make you say, that's just how we
do in the A
(I'ma try it my way right quick, you ready? Luda!)

This is just how we do it, this is just how it goes
This is just how we slip off the bed and move it on down
to the floor
Oh! Luda's a beast, Luda get to it and put them to sleep
Luda got millions of dollars, sold millions of records
And Luda still be in the streets!

Y'eek all over the beat
One thousand threads all over my sheets, count it
Haters get mad at the boy 'cause they make in they life
What I make in a week, count it

ATL, country as hell, strapped every part of the day
It's 22 woman to every 1 man
And that's how we do in the A, hey!

Yeah, I know you miss it, so I'ma make you feel it
There ain't no other way, that's just how we do in the A
Get wild, get crunk, get low, everybody get on the floor
When I'm done I'ma make you say, that's just how we
do in the A
That's just how we do it in the A
When I'm done I'm make you say

Lloyd, check, Luda, check, turn it up, make it knock,
knock
East, west, north, south, beating on down your block,
block
Lloyd, check, Luda, check, turn it up, make it knock,
knock
East, west, north, south, beating on down your block,
block
